

# Rocky Mountain Police Chaplains

---

## RMPC Vision

Rocky Mountain Police Chaplains exists to guide chaplains in understanding the mission; by equipping them with knowledge, skills, and abilities to serve with confidence and excellence.

---

## Mission

Connect and organize current Chaplains. Develop trusting relationships. Equip and train with excellence and consistency. Assist in the development of new programs. Prepare for large multi-agency crisis response.

---

## RMPC Philosophy

Chaplains should be a vital aspect of each and every Law Enforcement agency.

Chaplains should be trusted and valued by their respected agencies. The Chaplain's relationships with Officers, Support Staff and Families should be a priority through their daily activity and interaction. Because of these trusted and valued relationships, the Chaplains should be the individuals that are relied upon in moments of crisis.

Chaplains should be capable of providing safe and confidential support in both preventative interaction and in the midst of the challenging situations and circumstances that will impact every member of the Law Enforcement world.

---

RMPC will come alongside participating chaplains to support and serve them and their agency in the midst of a large crisis incident. This response is specific to Law Enforcement personnel and their families. When a crisis requires more assistance than current chaplain teams can manage, we will be available, upon request, to respond with known and qualified RMPC affiliated chaplains.
